## Confidentiality

We keep all information strictly confidential. It is used solely for selection and not disclosed to any other.

By applying you confirm your agreement to keep all our operational and internal information confidential. We can then provide you with fuller guidance to working with us. If we have not already spoken to you, you will need to apply as follows.

## Applying for the Role

Tell us in a few words (not more than 300) what natural skills you feel you have for this role. Remember particular qualifications are not a priority, it is natural skill that is, for example, your ability to engage people warmly and sensitively.

When you send us a text (click **About Us** for the Contact Us button), we will return an email address for you to send your skills and aims written down. We also ask for a DIY screen test which can be a video using your phone with another persons help or a long mirror.

## DIY Screen Test

This is simply for us to see how you come over on screen, it does not have to be perfect, it's important you present to us as relaxed. Despite any hot weather, you need to be normally fully clothed, smart casual.

Have something ready to say about item(s) you have in view to tell us about (inside a shop, outside or at home?), speak clearly and not quickly for about 20 seconds. Be sure there is little background noise.

Secondly we need 2 photos of you full length, one side view you looking at the camera smiling, the same again but your front view.

Doing these avoids the need for travel, expense and some doubt until this is done later.

## Your Privacy and Security

Many people appearing on screen or working publicly in films or media choose a professional name to help ensure their private life. This helps prevent unwanted contact. If you want to use a professional name at this early stage please do, we do not need proof of your real ID at this time.

We will ultimately need to know your full ID later for any payments due to you and other matters related to you as they arise.

Thanks for your interest in Enchant Film.
